Harriman House Publishing. Paperback. Book Condition: new. BRAND NEW, Wall Street and Witchcraft: An Investigation into Extreme and Unusual Investment Techniques, Max Gunther, Or, how to beat the Street with a broomstick. Since that first tulip was traded on that madly speculative exchange in 17th-century Amsterdam, some very special individuals - plungers not in the Merrill Lynch tradition - have been picking winners and harvesting huge profits with uncanny success. How? They play the market in ways that seem weird to the rest of us - but they win! There are those who feel vibrations, play by the stars, read tarot cards, rely on extrasensory perception, dream dreams, play by numbers. Crazy? Maybe. Yet every single one of them is rich. You'll meet them all in this peek at the occult side of the street. If you want to play the game their way, there's an appendix to teach you their specialised techniques; with astrology, tarot cards, witchcraft, magic squares, and other uncanny devices. Each method is carefully explained by the author, a veteran writer of unimpeachable reputation who researched this book with the objectivity of a scientist and who vouches for the accuracy of the results described in it.
