This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

Dog Ear Publishing. Paperback. Book Condition: New. Paperback. 172 pages. Dimensions: 9.0in. x 6.0in. x 0.4in. My name is Jennifer Palk. Many people remember me as Sergeant Potter. I learned to bake at a very young age, and I love baking. I served in the U. S. Air Force for 17 years, for much of that I was a single mother and my sons were young. We always had baked cookies at my house growing up so baking has always been a part of me. Creating recipes I tried out my different versions on the flyers in the Air Force and they would give me feedback!! I had some student flyers that had been away from home for months and my baking was their first taste of home a long time. Being a single mom and Air Force hours I learned to make short-cuts to be able to bake and make home cooking and still have quality time with my sons. The recipes in this cookbook are short-cuts to home-style cooking because these days we dont have much time with all the homework our children get and our jobs. You still want to give your family good quality food without throwing something into the microwave. I created these recipes and many of my friends started asking for my recipes and demanded I write this book. There are a few recipes that are not short-cuts but trust me they are well worth the time. There are cheaters recipes, short-cut, and downright easy!! But they are all great! This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
